

## DENTAL SCHEDULE OF BENEFITS

The Weyco Dental Network (WDN), associated with the American Dental Network (ADN) and Michigan Dental Plan (MDP), is a preferred provider network of dentists who will offer quality care and will accept lower reimbursement for services provided. Therefore, by using in-network providers, your co-payment will be lower and balances due to R&C will be eliminated. You will have the choice of using either a WDN provider or a non-WDN provider each time you seek dental treatment.

To determine if your dentist is in the network, or to locate network providers in your area, call:

1-888-280-8243 toll free

If your dentist does not participate in the WDN network, and you would like him/her to consider joining, you may submit his/her name to WDN/ADN by calling:

1-888-236-1100 toll free

There is no dental deductible.
